SIZING

			
16px	20px	24px	32px
Icon size	Stroke width	Padding	
32px	2px	2px	
24px	1.5px	1.5px	
20px	1.25px	1.25px	
16px	1px	1px	

Icons have been designed to work best in four sizes: 16px, 20px, 24px, and 32px. Please use icons at their originally produced size.

CLEARANCE

When designing icons for touch surfaces, all targets need to be 44px or greater. The icon can be smaller than 44px if padding is added to the touch target with CSS to meet the 44px minimum.
